Put a check for the camera channel(s) you are interested in. The calendar below will show you the days that have recording. Selecting the day will show you times that have recording below the calendar. Click on the 24 hour bar clock at the time you want to playback.

You are now playing back video.

You can exit out of this black screen to your live camera view by pressing "Stop".

To make a CD or DVD copy. Pop the blank disk into the disk tray. Open the side bar menu.
